CC TEAM CHALLENGE - SOCIAL ACTION WEEK - OCTOBER 2021

As part of the CC Team Challenge, we're bringing you Social Action Week, where you can help your local community in any way you wish. The focus week is w/c 11th October, but it can be done anytime and we have come up with some ideas if you need some inspiration!

Donate to your local Food Bank - Make food parcels to send or contact them to see how else your unit can help via [The Trussell Trust](#) website. Have a discussion in your unit about useful items that could go in a food parcel.

Community Poo Bags/Carrier Bags - Using a large plastic bottle, make a holder to store carrier bags/poo bags and display it in your area. Why not advertise your unit on them? Keep them stocked or remove them once they've been used. If you're unsure on how to make one, have a look on [Poo bag dispenser video](#) or the 'Instructables' website.

Support local care homes - Contact your local care home and ask for a list of residents for members of your unit to write too. If you have Rainbows/Brownies, they could also draw pictures! You could also ask if there's any other ways you can be of assistance!

Whatever you choose to do, don't forget to share it on local Girlguiding social media and in local news outlets or let your Area Growth and Social Media Reps know (ask your DC's if you're not sure who these are)!

Safe Space - Please do make sure that the units in your district are aware that they need to have someone with a level 3 Safe Space qualification on any unit meeting, even virtual ones. Please do keep an eye on Safe Space levels 1 & 2 compliance to ensure that no-one gets caught out with a sanction or stuck as active pending because they haven't completed it as we start back in September. As the restrictions start to lift and many of us are looking to start residential again, it's a good time to take over the third page of our monthly newsletter, to show you how to get going or highlight things which have been updated since you last ran a residential

REN FORMS AND RESIDENTIAL GUIDANCE

NEW REN FORMS AND UP TO DATE GUIDANCE

There is now a new version of the REN form. This can now either be filled in using Go or filled in and sent using e-mail. Please make sure that you are using the current version. There is lots of information on the national website about how to run a residential in covid - including what to include in your risk assessments, all of the current guidance and links to the new style forms.

*Please make sure that your REN form is sent to your DC in plenty of time - part 1 with the associated risk assessments and activity plans need to be sent in 12 weeks in advance of the date.

*For commissioners they have included a handy checklist of what to look for when you receive a REN form - but remember if there's anything that you don't understand or need more support on you can always refer to your next level commissioner who will be pleased to help or signpost you to the correct adviser. An advisers signature is required if any extra support is required by the leader or commissioner (e.g. water activities or additional needs support)

APPROVED VENUES LIST

It is the leaders responsibility to get a copy of the venues 'covid safe risk assessment' and to ensure that using that they can run their residential, adhering to the current guidelines in that particular venue (details of how this will be achieved should be included in your risk assessment). The list has recently been updated and a new copy has been forwarded to commissioners.

With all of this in mind, you should be planning your residential in accordance with the guidance as it stands at that particular time, don't try and predict the future but be prepared that you may need to review everything if the guidance is changed before you go.

**DC's please remember that a copy of all completed REN forms still need to be sent to Emma our REN administrator at renderbyshire@gmail.com This is so that we can administer the approved venues list and record all of our residential activities - the REN administrator does not 'check' the REN form ☺
